2023-2024 Sysco Bid Renewal

School Nutrition Services reviews all contracts each year to forecast spending for the next school year.

With all of our contracted vendors we are able to request a renewal (aka roll over Bid) for the next year.

In this year's Bid process with Sysco Raleigh which is our grocery and supplies vendor I found it more beneficial to request a renewal Bid.

This decision was made on several factors:

FACTORS:

| | |
|-----------------------------|--------------------------------|
| Factor 1 for Renewal | Per cs. Delivery fee at \$2.16 |
| Factor 2 for Renewal | Per cs. Storage fee at \$4.00 |

With the request for Renewal it locks in these fees for another school year.

When the request was made to Sysco Raleigh to renew for another year they granted my request

So tonight I am seeking FCS Board of Ed to approve the Renewal Bid with Sysco Raleigh with a forecast spending of \$2.1 million for grocery and supplies.

Questions?
